

BioCarb-K[®] (K9558)

FERTILISER GROUP I

Reg. No. K9558, Act 36 of 1947

BioCarb-K[®] provides efficient, plant available potassium in a chloride free formulation especially designed for foliar feeding on crops with a sensitivity to chloride.

Application Instructions:

- Mix at a maximum rate of 500 g/100 L water.
- Apply as a foliar spray when needed.

Rates & timing:

- Row crops – 1.5-3 kg/ha
- Orchards & vines – 3-5 kg/ha

PRECAUTION

Do not add additional surfactants, pH buffers, etc.
Not compatible with products that require an acidic spray solution.

When mixing with other fertilisers always jar test for compatibility.
